Why Compromise

Wap
KEW

TECHNOLOGIES

Let your need guide you

The name Nilfisk-ALTO and the blue colour is your garanty for quality product. Produced without compromise to suit your cleaning need, wether it is a highpressure washers, a central vacuum system, wet & dry vacuum cleaner or sweepers. You get ergonomic comfort, flexibility and outstanding performance along with a wide range of accessories for your cleaning need.

When you choose a consumer high pressure washer, you will always be sure to get top quality, and features like CLICK&CLEAN accessory system for easy connection, hose reel, wall mounting and top of that a wide range of optional accessories.

With the new wet & dry vacuum cleaners you get high performance in a small package with a huge working capacity and low working sound level. There are a lot of accessories included.

Steamers are the most efficient way to loosen and remove dirt and stains on car seats, carpets and furniture. And when it is time to clean the kitchen or bathroom the steamer is ideal for removing deposits and disinfecting in one easy step.

The manual sweeper is perfect for sweeping paths, roads, driveways and yards up to ten times faster than with a broom. The FLOORTEC 380 M uses two main brooms, which counter-rotate, filling the hopper from the top for optimal capacity.

How to choose the pressure washer that best suits your needs.

The high pressure range is designed for you and for anyone who is excited by flexibility, revolutionary wall mountings, hose reels, pressure-regulated nozzles, individual water controls and integration between high pressure outlets and hose reels.

PRO

The sturdy and robust semi professional pressure washer that easily handles any application in a reliable, effective and powerful way.

- Max. 150-160 bar
- Optimum equipment
- Extra sturdy design

EXCELLENT

For greater flexibility and comfort. For all types of medium and high frequency cleaning tasks around the house.

- Max. 130-140 bar
- High flexibility
- Integrated features

COMPACT

The pressure washer for anyone who appreciates sturdiness and convenience, who use the machine now and then.

- Max. 100-120 bar
- Basic equipment
- Compact design

Features & Accessories

Learn about the features of your EXCELLENT, and choose among the wide range of accessories to find the solution you need for your specific cleaning tasks

*Easy storage of accessories.
E 130.1 / E 140.1*

Use the Wall mounting hooks if you need a stationary solution and you can use it directly from the wall without any preparation

Pressure regulation

EXCELLENT

The EXCELLENT range is for you if you want excellent features, sturdiness and performance. The products are equipped with a lot of practical features that make your cleaning tasks easy and simple. The high performance with 140 or 130 bar gives you a powerful high pressure washer that can solve all cleaning tasks around the house. On top of this you also have the possibility to make the product stationary by a special wall hook. The product can be operated while hanging on the wall eg. the hassle by taking out and preparing the pressure washer for use and stow away is not exiting.

Find out how the optional accessories makes your EXCELLENT even more efficient:

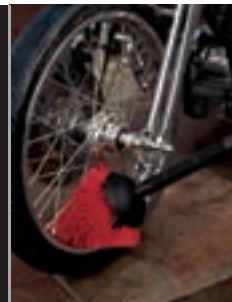

For additional accessories see page 10 & 11

PATIO CLEANER, for easy and efficient cleaning of flat surfaces, without "splash back" as you work.

Garden Brush, for easy and efficient cleaning of large surfaces, it also makes it easy to get into nooks and crannies.

Rim Brush, for easy and efficient cleaning of wheel rims.

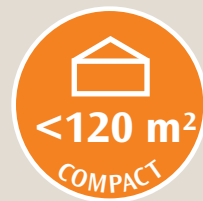

Drain & Tube Cleaner, for easy and efficient cleaning of blocked piping systems.

Water Sand Blasting, for efficient cleaning of really tough jobs

Accessories for the garden

Do the job a little better

One thing is to have a pressure washer, another is to be the lucky owner of all the accessories which means that you can do the job a little better, a little faster and with a little more class.

The Nilfisk-ALTO range gives you plenty to choose from - and when you think about it, you probably have a lot of jobs waiting to be done.

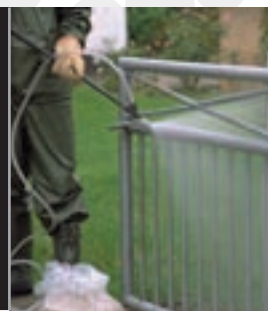

The **Garden Brush** allows you to clean large surfaces rapidly, as well as enabling you to get into all the nooks and crannies.
Item no. 106411325

The **CLICK&CLEAN Multi-angle adapter** can be adjusted in steps, making awkward corners accessible and preventing "splash back". All of the nozzles, except the underchassis nozzle, can be clicked into the multi-angle adapter.
Item no. 6411138

The 15 m **Drain & Tube cleaner** is the fast and easy way to clear blocked systems.
Item no. 6410766

The really tough jobs can be handled efficiently with the powerful **water and sand-blasting** equipment.
Item no. 6410891* (red), 6410758 (green)
*for all PRO models.

By applying to detergent you makes the cleaning task easier and becomes a better result.

In the range you find:
WOOD CLEANER 2.5 l
Special for cleaning wooden surfaces especially wooden garden furnitures.
Item no. 5300379
STONE & WOOD CLEANER 2.5 l

An all-round detergent for stone and wood surfaces.
Item no. 5300401

PLASTIC CLEANER 2.5 l
Specialized for cleaning plastic eg. plastic garden furniture.
Item no. 5300403

METAL CLEANER 2.5 l
For cleaning your garden equipment eg. Lawnmower
Item no. 5300405

Dedicated accessory for cleaning large surfaces, such as patios, which makes sure that the job gets done quickly and more conveniently. The **PATIO CLEANER** cleans flat surfaces in no time, and there is no "splash back" as you work.
Item no. 6411150

Replacement Brush
for GARDEN BRUSH
Item no. 106411327

Water Filter
Item no. 106411231

Water Suction Set
Item no. 106411232

CLICK&CLEAN Foam sprayer with bottle
Item no. 6411132

Wall bracket
for P 150.1/160.1, E 130.1 /140.1, C 120.1, C 120.2,
Item no. 106411386

Wall Storage for accessories
Item no. 106411344

Extension high pressure hose
Standard 7 m hose – thread coupling
Item no. 6410760
Standard 7 m hose – quick coupling
Item no. 106411346
Superflex 7 m hose – quick coupling
Item no. 6411048

Accessories for vehicles

The right care

It is just common sense to make sure your car is in good condition and runs efficiently. Oil, soot, salt and traffic exhaust leave deposits in all the little cracks and corners, so your car needs regular attention. And the best way to give it the care it requires is with your pressure washer, using the right accessories. These accessories can naturally also be used for cleaning mobile homes, bicycles, motorcycles, trailers, etc.

The **Rim Brush** makes it easy to clean your wheel rims.
Item no 106411326

The unique – all in one – **CLICK&CLEAN Auto Brush** has an integrated nozzle and squeegee, and is equipped with special soft bristles.
Item no 6411131

The **CLICK&CLEAN Auto nozzle** is specially designed for car cleaning, and has a wide and gentle spray profile.
Item no 6411136

The **CLICK&CLEAN underchassis nozzle** cleans inaccessible areas easily and efficiently.
Item no 6411135

Your mobile home or caravan will be ready for the season after a thorough cleaning with the **Nilfisk-ALTO rotary brush**.
Item no 6410762

Car Combi Cleaner dissolves the dirt on your vehicle and leaves the surface glossy and shining due to the included rinsing wax.

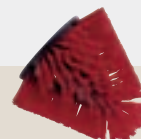

CLICK&CLEAN Auto kit
Item no. 6411134

Auto brush
Item no. 6410765

Underchassis spray lance
Item no. 6410763

Replacement Brush for RIM BRUSH
Item no. 106411328

Car Combi Cleaner 2.5 l
Item no. 5300407

Nilfisk-ALTO VACUUMS

– AERO & BUDDY - Wet & Dry Vacuum Cleaner Solutions for any purpose

Push&Clean

Filter Cleaning System

Push&Clean filter cleaning technology

The Push&Clean technology allows a fast and simple cleaning of the filter cartridge. When you block the fitting for the air inlet or the hose and push the filter cleaning button, the surrounding air enters into the container, passing through the filter cartridge in the opposite direction.

The dirt is blasted off the filter and the suction performance is high again.

A comfortable and powerful but gentle way of cleaning the filter.

AERO 25

*Nilfisk-ALTO CENTIX 50 & 60 PREMIUM includes the 9 m hose with Start/stop button on the curved hand tube (302001288)

In multi-storey houses, the tubes can run between the various floors via crawl spaces, attics, cupboards or wall ducts. You could even run the tubes through a disused chimney shaft.

VacPan
Opening the door starts the vacuum. Simply sweep the dirt into the opening.

Installed
Out of the way, where it cannot be heard.

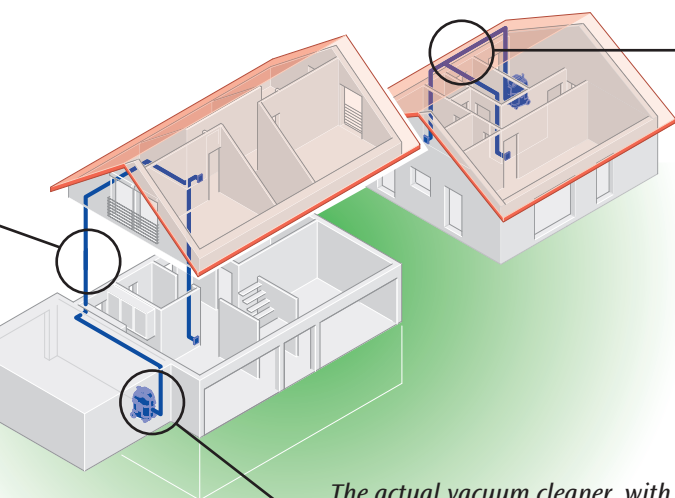

Convenient
Vacuum cleaning power where you want it without the noise or trouble of a conventional vacuum.

Installation kit 2 -
Contains needed parts for installation of central vacuum system, with two suction sockets.
Item no. 302001193

Installation kit 3 -
Contains needed parts for installation of central vacuum system, with three suction sockets.
Item no. 302001194

In a bungalow, it's a good idea to run the vacuum tubes across the loft or along the outside walls, hidden beneath a panel or perhaps built into a cupboard.

The actual vacuum cleaner, with its motor noise, can be hidden away in a garage, utility room or cellar, where it won't bother anyone. You quite simply hang it on the wall using the accompanying wall bracket.

Clean & Healthy

Allergists have called a traditional vacuum cleaner a "dust blower". Up to 80% of the dust that is removed by a traditional vacuum cleaner is blown out into the same room again – from the other end of the vacuum cleaner. With a Nilfisk-ALTO CENTIX the dust is vented outside the house. And this means a healthier home environment.

Quick & Easy

No vacuum to carry around and no cables to handle anymore. You only need to carry the flexible lightweight hose with you when you vacuum the house.

Silent & Comfortable

As the vacuum unit is installed outside of the living area, the only thing you hear is a silent whispering. Vacuuming becomes much easier and more comfortable.

The installation is not difficult!

Can also be installed in old houses. Whether your home is brand new or centuries old, a central vacuum cleaner can be installed.

Fitting is simple. The push-fit pipes and fittings can easily be installed without special knowledge or experience. Put on your work gloves and set aside a weekend. That's all the time it takes.

Flexibility

To vacuum your car or workshop, all you need is to take the vacuum cleaner down from the wall bracket and use it as a portable vacuum. And the CENTIX 60 PREMIUM also includes a separate 1,8m hose for portable use.

Nilfisk-ALTO STEAMERS

STEAMTEC

- Remove stains from your furniture, carpets and car seats
- Easily clean behind obstructions like radiators
- Sanitize bathrooms and kitchens
- Dissolve grease and hard deposits from your stove or oven
- The instant heat (IH) only heats the water you are using, which saves time and money

Heating power – steam the dirt away

There's very little grime that can survive the Nilfisk-ALTO's range of steam cleaners and accessories. Steamers are the most efficient way to loosen and remove dirt and stains from inaccessible places such as behind radiators, on car seats, carpets and furniture. And when it is time to clean the kitchen or bathroom the steamer is ideal for removing deposits and disinfecting in one easy step. What's more, steam is an efficient way of cleaning windows, and other exposed areas.

The machines can be connected to a wide range of accessories designed to produce professional results in any cleaning task, whether indoors or outdoors.
